Steve,

FYI on proposed AOC field work start date. Bernie Fenelon will be filling in the blanks as the schedule develops.

Let us know if there are any questions.

Mike

Mike,

We can use e-mail approval dates as a signature.

Steve,

Next AOC milestones subject to date of last QAPP approval signature?

Who starts signatures?

Mike

Mike,

We have reviewed the revised HASP and QAAP for the investigation at the Wedron Silica and Technisand facility. All of our comments were incorporated or addressed in the revised plans. This e-mail approves of those documents and we can move forward to schedule the field work.

Call if you have any questions.
